## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 8-8-2005 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

1. The examiner has reconsidered the prior art from the IDS and upholds his allowance since he believes the references do not read on the allowed claims.
2. Most of the references, except for the Japanese ones, appear completely focused on "financial transactions", eg. uploading money, downloading money, receiving money, etc.. They do not appear to teach buying product(s) from a vending machine.
3. The two Japanese patents do teach use of a vending machine but they are missing specific recited features, such as:
  - a. Only establishing a phone connection to the vending machine if it has product to dispense.
  - b. Issuing a message which states that a connection between mobile and vending machine has been established.
  - c. Outputting an audible message for use in selecting the product from the vending machine, the audible message comprising a menu, receiving at the retrieving device information indicating that the product has been selected following output of the audible message.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
